

Philothea Flynn Jewellery

Of mixed Ngāti Porou, Ngāti Kahungunu, European, and Australian whakapapa, this Eastbourne-based artist began her jewellery journey in Ubud, Bali, in 2017. Following a significant health scare, she turned to creating jewellery as a vital source of healing and creative focus.

Learning from local and international experts, her work is deeply inspired by the natural world and the endless curiosity of the making process. For her, jewellery is more than an accessory for herself and others, it is a way to celebrate life, adorn and appreciate the body, and express a profound gratitude for life through the creation and gifting of jewellery.
